Phone (519) 748-5409 FAX (519) 748-1654

Shipment of Cigarettes

In order to ensure that the shipment arrives at the laboratory as quickly as possible, please prepare all the required documentation. An International Waybill must be filled out completely with the destination, weight of the parcel, and the contents clearly stated. The following details should appear on the waybill, and customs invoice:

Samples only

For test and destruction

No Commercial Value

In bond to destination – RAF Express Toronto Airport

The parcel should have large labels affixed to the sides and top of the package, clearly identifying the destination of the package, and "*In bond to destination – RAF Express Toronto Airport*"

An envelope should be attached to the outside of the container, marked "Attention Customs Department". The name of Labstat's customs broker, RAF Express (Attention: Audrey Davidson), should also be indicated. The envelope should contain a letter as per the example below. The declared dollar value of the shipment should be \$20.00 Canadian, in order to prevent delays and inspections at the border.
